

Person County: Eating Smart and Moving More

Report Card*		COST
Overweight or Obese	F	In 2007, \$2,303,223 (approximately 8%) of total dollars spent on Person County Medicaid were attributed to overweight and obesity.
Meets physical activity recommendation	F	
Meets fruit and vegetable recommendation	D	

*Using 2006 BRFSS data, NC counties were ranked and then graded according to their position within that ranking. Ranks above the 60th percentile mark received grades A+ through D-; scores below received an F

In Person County, residents are most likely to...**

- ...drink 8+ glasses of regular cola per week (calories equal to an 18 pound weight gain in 1 year)
- ...perceive a lack of time to prepare or eat healthy meals
- ...treat themselves to unhealthy foods and eat without considering the calories
- ...exercise one or fewer times per week

**Claritas iMARK™ Online, PRIZM 2006

Children and Youth in North Carolina:

Overweight or obese	30%
Not getting recommended fruit servings	37%
Not getting recommended vegetable servings	74%
Not getting recommended physical activity	27%

As a result...

- Children's life expectancy is declining due to an increase in overweight¹
- One in three American children born in 2000 will develop diabetes in their lifetime²

However...

- Active young people are more likely to remain active as adults³
- Family meals are associated with a greater intake of fruits and vegetables and fewer fried foods and soft drinks⁴

2007 County Highlights:

- Eight county schools adopted a policy to assign physical activity and eating healthy at least two nights a week
- A health care facility added prescribing physical activity and healthy eating to its service offerings
- The public library established a new section featuring books about physical activity and healthy eating

Where and how changes can be made in all counties:

Community	Increase access to places for physical activity, create farmers' markets and/or farm stands
Schools	Ensure children receive quality physical education, implement nutrition standards
Worksite	Offer physical activity classes, provide nutrition counseling
