

# Wake County: Eating Smart and Moving More

Report Card*		COST
Overweight or Obese	<b>C</b>	In 2007, <b>\$17,613,997</b> (approximately 8%) of total dollars spent on Wake County Medicaid were attributed to overweight and obesity.
Meets physical activity recommendation	<b>C-</b>	
Meets fruit and vegetable recommendation	<b>D+</b>	

\*Using 2006 BRFSS data, NC counties were ranked and then graded according to their position within that ranking. Ranks above the 60th percentile mark received grades A+ through D-; scores below received an F

## In Wake County, residents are most likely to...\*\*

- ... drink 8+ glasses of regular cola per week, especially young singles and couples
- ...be young singles and couples who buy fast food 14 or more times per month
- ...have stayed with an exercise program for the past year, usually walking 1 to 5 times per week
- ...be dieting and count the calories in the foods they eat

\*\*Claritas iMARK™ Online, PRIZM 2006

**Children and Youth in North Carolina:**

Overweight or obese	<b>30%</b>
Not getting recommended <b>fruit</b> servings	<b>37%</b>
Not getting recommended <b>vegetable</b> servings	<b>74%</b>
Not getting recommended <b>physical activity</b>	<b>27%</b>

**As a result...**

- Children's life expectancy is declining due to an increase in overweight<sup>1</sup>
- One in three American children born in 2000 will develop diabetes in their lifetime<sup>2</sup>

**However...**

- Active young people are more likely to remain active as adults<sup>3</sup>
- Family meals are associated with a greater intake of fruits and vegetables and fewer fried foods and soft drinks<sup>4</sup>

## 2007 County Highlights:

- 31 faith/community organizations implemented policies for exercise, nutrition, and/or smoking cessation
- Twenty child-care facilities adopted nutrition and physical activity policies for students and staff
- A local health agency distributed to area pediatricians 500 CD-ROMs with 1,100+ physical activities

## Where and how changes can be made in all counties:

<b>Community</b>	Increase access to places for physical activity, create farmers' markets and/or farm stands
<b>Schools</b>	Ensure children receive quality physical education, implement nutrition standards
<b>Worksite</b>	Offer physical activity classes, provide nutrition counseling
